

# PAID INTERNSHIP OPPORTUNITIES

## SUPPORTING TEST & EVALUATION FOR THE DEPARTMENT OF DEFENSE

### SUMMER 2015

#### ABOUT THE PROGRAM

The TRMC Sponsored Science, Technology, Engineering and Math (STEM) Internship Initiative consists of work assignments designed to acclimate you to the fundamentals and concepts of test and evaluation (T&E) within the Department of Defense. While applying your knowledge, you'll broaden your skills and gain valuable experience as you are exposed to test and evaluation in real world settings.

When you participate in the TRMC STEM Internship Program, you'll:

- Gain hands-on engineering experience working on a T&E related project
- Work directly with other engineers and professionals in a team environment
- Develop your skills under the guidance of professional and experienced mentors
- Use our internship program as a gateway to networking and exploring job opportunities within the Department of Defense
- Obtain a security clearance

#### APPLICATION INSTRUCTIONS

Only completed applications will be considered. A complete application includes the following:

- (1) **Completed application form (located on reverse)**
- (2) **Resume with cover letter**

**Application Deadline:**  
**December 20, 2014**

Submit your application by email or fax to:

Ms. Cate Reich  
Fax: 571-372-2678  
Catherine.M.Reich.CTR@mail.mil

#### WHO WE HIRE

Ideal candidates:

- Have an interest in a project-based internship learning more about Department of Defense (DoD) testing needs, resources and capabilities.
- Can thrive in a high-performance culture that values teamwork and collaboration.
- Possess strong leadership and communication skills.
- Have sound technical and analytical engineering skills, as demonstrated through strong academic performance.
- Are excited when presented with complex challenges to solve.

To qualify for the intern position you must be:

- A current full-time enrolled college student
- STEM Background (student is majoring/minoring in a Science, Technology, Engineering, or Mathematics discipline).
- A sole U.S. citizen (no dual-citizenship)
- Available late May – August 2015
